

UnitedHealthcare Advantage

The advantage is clear.

At UnitedHealthcare, our mission is **helping people live healthier lives**.™ A big part of this mission is providing our members with the information and resources they need to make educated decisions about their health and health care. Better information. Better decisions. Better health to help them live healthier lives.

A plan with built-in cost controls.

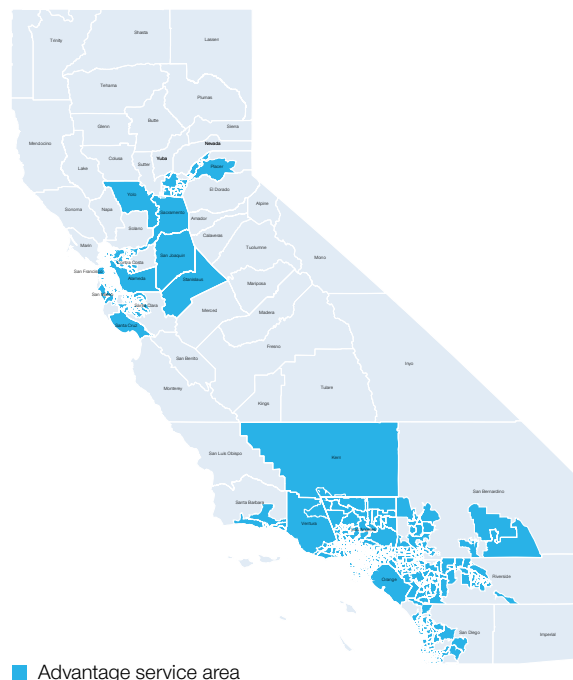

We built the Advantage* HMO plan around those principles. We created a special network of physicians and facilities, all selected for their ability to keep health care costs down while delivering care that meets national standards. This select medical group network has more than 28,000 primary care physicians and specialists, and more than 153 hospitals, evaluated on many cost and quality factors, including 11 measurements such as provider scores on preventive health screenings, childhood immunizations and member satisfaction.

Members enrolled in the Advantage plan select a primary care physician (PCP) to manage their general health care needs and obtain a referral to see a specialist. And plan members have access to a wide range of health and wellness programs to help them live healthier lives.

The plan covers a wide geographic region.

The Advantage plan participating medical groups provide services to our members in Alameda, Contra Costa, Kern, Los Angeles, Orange, Placer, Riverside, Sacramento, San Bernardino, San Diego, San Francisco, San Joaquin, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Stanislaus, Ventura and Yolo counties.
