With **Guardian Choice** plan, employees select either a Network Access Plan (NAP) or a Value Plan and can change their election annually. Premium rates are the same for both plans. The Value Plan offers members who choose to see a Guardian participating dentist the most savings and Out-of-Network benefits are limited to Guardian's PPO fee schedule. With the NAP Plan, all out of network services are based on usual, reasonable, and customary rates for given area.

Guardian has contracted with dental providers to provide discounts off services and procedures to Guardian dental plan members. To locate a provider, visit our On-Line Provider Directory at www.GuardianLife.com.

Pre-determination Review - Guardian will gladly assist the member and their dentist by determining what benefits could be payable for services and procedures over \$300. The dentist should fax the member's treatment plan to Guardian, note that it is a pre-determination review and Guardian will let the member's dentist know what benefits would be payable

Special Limitation: Teeth lost or missing before a member becomes insured by a Guardian plan. A member may have one or more congenitally missing teeth or have lost one or more teeth before becoming insured by a Guardian plan. Guardian will not pay for a prosthetic device which replaces such teeth unless the device also replaces one or more natural teeth lost or extracted after the member becomes insured by the Guardian plan.

A late entrant is a member who becomes insured more than 31 days after they are eligible; or becomes insured again, after their coverage lapsed because they did not make required payments. Guardian won't cover charges incurred by a late entrant for (1) Group II (basic) services until 6 months from the date he is insured by this plan; and (2) Group III (major) and (3) Group IV (ortho) services until 12 months from the date member is insured by this plan. This is in addition to any deferred services.

DentalGuard General Limitations and Exclusions: This policy provides dental insurance only. Coverage is limited to those charges that are necessary to prevent, diagnose or treat dental disease, defect, or injury. Deductibles apply. The plan does not pay for: oral hygiene services (except as covered under preventive services), orthodontia (unless expressly provided for), cosmetic or experimental treatments, any treatments to the extent benefits are payable by any other payor or for which no charge is made, prosthetic devices unless certain conditions are met, and services ancillary to surgical treatment. The plan limits benefits for diagnostic consultations and for preventive, restorative, endodontic, periodontic, and prosthodontic services. The services, exclusions and limitations listed above do not constitute a contract and are a summary only. The Guardian plan documents are the final arbiter of coverage. Contract #GP-I-DG2000 et al.
