Benefits and HR, in one place.

We're partnering with EaseCentral
to bring you one solution for
benefits and HR.

**Simplify Onboarding
& Enrollment**

**Increase Employee
Engagement**

Gain Visibility

Benefits Administration

Online enrollment makes benefits election easy for you and your employees. Eliminate paper forms, view side-by-side plan comparisons, use e-signatures, and access real-time updates during open enrollment.

Onboarding & Hiring

Onboarding syncs with benefits so employees only have to enter their information once. Create and send offer letters, complete and e-sign W-4 and I-9 forms, and collect direct deposit information.

EaseCentral's marketplace also offers a suite of services you can add to help expand your HR offering for employees:

- HRIS with time-off tracking, performance reviews, company stats, and more
- Payroll integrations with leading payroll providers
- Telemedicine, and consumer benefits like HSA, FSA, and HRA
